CLIENT STRATEGIC PROPOSAL & CONCEPT PLAN

Swaraj Books (Library Hub)

"Re-library that connects India's libraries"

Philosophical Foundation: *"Educate, Unite and Agitate"* — Dr. B.R. Ambedkar

Zero	100%	Live	Annual
INVENTORY HELD	VERIFIED BORROWERS	STOCK STATUS	BOOK BANK
Asset-light aggregator platform	Aadhaar e-Sign + live photo audit	Real-time Green/Red availability	1-Year NCERT school circulation

1. Executive Vision & Core Operating Principle

Throughout India, thousands of municipal, public trust, and institutional reading rooms hold vast collections that sit dormant and unattended on shelves. At the same time, millions of students and civil services aspirants lack access to vital physical study materials.

THE NON-HOLDING INTERMEDIARY PRINCIPLE

"Here we are not storing books, rather acting as the medium to provide books."

Swaraj Books holds zero central inventory and operates zero warehouses. It serves as a unified digital nervous system connecting dormant physical library shelves directly with students and community readers.

🏛️

1. Dormant Libraries (Supply)

Neighborhood reading rooms, educational trusts, and community libraries activate their idle book collections, gain digital exposure, and welcome new visitors without buying any new software.

🌐

2. Swaraj Books Hub (The Bridge)

A centralized digital directory that aggregates neighborhood catalogs, tracks real-time book availability, and enforces digital identity verification to safeguard physical assets.

🎓

3. Readers & Aspirants (Demand)

Students preparing for UPSC, State PSC, and board exams discover and borrow authentic physical books directly from nearby reading rooms.

2. Access & Circulation Framework

📖

A. Flexible Short-Term Lending

Designed for readers and competitive exam candidates who need specific reference manuals, regional literature, or specialized books for short study periods (e.g., 5 to 15 days). Books are borrowed, read, and returned to the nearest local shelf.

🎒

B. Annual Academic Pass (School & NCERTs)

Designed for K-12 students who require entire NCERT and school textbook sets for the full academic session. Students use original curriculum sets for the year and return them in good condition for the next incoming class.

3. Platform Experience & Interface Wireframes

The platform is designed to be accessible, intuitive, and welcoming to readers on smartphones as well as librarians managing physical shelves.

Screen 1: The "Early Page" (Homepage & Discovery Portal)

The primary entry point combines the social motto, universal search, and a neighborhood library directory.

🏛️ **SWARAJ BOOKS** — *"Educate, Unite and Agitate"* [👤 Login / Register]

Revive India's Libraries. Connect with Knowledge.

Find physical books waiting in community reading rooms right in your neighborhood.

🔍 Search by book title, author, subject, or NCERT class... [Search Books]

CONNECTED LIBRARIES NEAR YOU

- **Central District Library** — 12,450 titles (0.8 km away)
- **Ambedkar Memorial Reading Room** — 6,200 titles (1.5 km away)
- **Saraswati Vidya Trust** — 8,100 titles (2.4 km away)

COMMUNITY & FAQS

- *Know About Us:* The founding mission
- *FAQs:* Pickup & return guidelines
- *Why We Are:* Social manifesto

Screen 2: Multi-Library Search & Stock Comparison Matrix

When a reader searches for a book (e.g. *"NCERT Physical Geography Class 11"*), the platform compares stock across nearby physical libraries:

Library Name & Location	Book & Edition	Permitted Duration	Live Stock Status	Action
Central District Library (0.8 km)	Class 11 (Ed. 7) — Good condition	Up to 15 days	✓ In Stock	**[Select Library 1]**
Ambedkar Memorial Room (1.5 km)	Class 11 (Ed. 6) — Fair condition	Up to 10 days	✓ In Stock	**[Select Library 2]**
Youth Welfare Reading Room (3.2 km)	Class 11 (Ed. 7) — Good condition	Up to 5 days	✕ Currently Issued	*[Join Waitlist]*

4. Trust & Anti-Theft Protocol (Safeguarding Public Assets)

The primary concern for public reading rooms is ensuring that books are safely returned. Swaraj Books eliminates theft risk through a **3-factor identity verification process** before any book is reserved:

🪪

1. Aadhaar e-Sign Verification

Borrowers confirm their identity via Aadhaar OTP, establishing an authenticated and legally binding digital record.

📸

2. Real-Time Camera Photo

A live webcam/mobile photo is captured at reservation to confirm that the person collecting the book matches the verified profile.

✍️

3. Digital Signature Declaration

The borrower electronically signs a solemn declaration promising to care for the book and return it on or before the due date.

The Borrower Declaration Modal ("About Lib-1")

BORROWER DECLARATION & VERIFICATION — Central District Library

Book: NCERT Indian Physical Geography (Class 11) | Borrowing Window: 10 Days

✓ **Aadhaar e-Sign:** Verified via OTP
✓ **Live Camera Check:** Live photo captured and logged
✓ **Digital Signature:** Signed on digital signature canvas

"I solemnly promise to return this book in good condition on or before the agreed due date to ensure it remains available for fellow students."

✓ Confirm & Reserve Book

5. Value Proposition for Partner Libraries

🏛️

Revitalizing Inactive Spaces

Brings students and youth back into community libraries, restoring their historical role as local centers of learning.

🛡️

Zero Theft Risk

Complete accountability. Every single borrower is audited and verified through mandatory Aadhaar e-Sign and live photography.

📚

Preserving Rare Literature

Brings visibility to regional language literature and out-of-print historical works that mainstream bookstores no longer stock.

6. Phased Implementation Roadmap

Phase	Target Duration	Key Deliverables & Milestones
Phase 1: Pilot Catalog	Months 1–2	Onboard 10 initial community libraries; digitize physical shelf catalogs; launch the public search portal.
Phase 2: Availability Matrix	Months 3–4	Deploy the multi-library comparison matrix with real-time Green/Red stock indicators and pickup booking.
Phase 3: Digital Trust & KYC	Months 5–6	Implement Aadhaar e-Sign verification, webcam photo capture, and digital signature audit storage.
Phase 4: School Book Bank	Months 7–8	Partner with local high schools to roll out the 1-year NCERT and academic curriculum book-sharing program.
Phase 5: Regional Scaling	Month 9 Onward	Expand across municipal districts, public universities, and state library boards.
